

Public Notice Okahao Structure Plan 2022 - 2042

Stubenrauch Planning Consultants has been appointed by the Okahao Town Council to prepare a Structure Plan for Okahao which will guide the development of the town from 2022 till 2042.

A Structure Plan or Integrated Land Use Plan is a spatial planning tool for guiding development within a town or a region for a period of time ranging between 15 to 30 years. The aim of the plan is to guide urban spatial and infrastructural development within the local authority area over a long term while also informing the public and local or foreign investors of Council's vision as to how the town of Okahao is to be developed. The plan is to be transparently prepared in close consultation with Local Authority, Utility Providers, Line Ministries, general public and the community.

The public is therefore invited to register as Interested and Affected Parties or to lodge early comments and ideas regarding the vision and future growth of Okahao via email spc@spc.com.na on or before **12th March 2021**.

The public is also encouraged to take part in upcoming community participation discussion, dates of which are to be announced in the newspaper and on the Okahao Town Council website www.okahaotc.com.na soon.

Persons interested to register as an 'Interested and Affected Party' may do so by contacting our office:

Laimi N. Asheela (Ms)
